

*Welcome to  
Senotium 26-28 aug. 2022  
in Tønsberg!*

**We wish all Senators and senator spouses welcome to Norway' oldest city for social gathering, good food&drinks and a time travel back in time to learn more about our long and varied history from viking ages to modern Tønsberg.**

**You will be experiencing a classic modern Norwegian summer city with vibrant activities both at land and sea.**

The newly renovated Hotel Klubben is our recommended Senotium hotel this weekend. It is located in the city center by the sea side and short walking distances to the Senotium activities, and only a 10min walk from the Senator bar.

We are happy to announce that the Senotium Open is back on the program. The golf tournament will be arranged at Vestfold Golfklubb starting on Friday morning.

For those wishing to get to know some more about Scotch whisky paired with our local beer our President and senate whisky writer has offered to give you an exclusive tasting before Friday evening dinner.

After Saturday breakfast we will gather at the Viking-ship building site and meet with our local tribal viking chief and his assistants who will take us back some 1200 years, to a time when the Oseberg ship was one of the world best and most advanced fjord sailing ships. If the weather is fine we will take the Saga Oseberg (replica ship) out to the fjord to experience how to row such a fine ship. The "locals" will serve us an outdoor lunch before a local city guide will take through time from viking ages to modern Tønsberg. Walking up the historic Slotts-fjellet and the tower for a scenic view of the surrounding areas. The tour ends by the museum where the remains of a real vikingship is open to view, as well as a very rare collection of sea mammals skeletons collected through our long whale hunting history.

Members of the Bumble Bee Club will be invited to a social gathering by the local city beach and a dip in the sea before we make us ready for the Saturday evening dinner.

For Sunday we say goodbye, but for those who wish to stay on we can offer to either visit the Haugar Art museum finishing with a lunch, or go with the steam ship D/S Kysten for a coastal roundtrip including an outdoor lunch. The coastal round trip must be booked no later than 20 June and is open to availability.

There is possibility to book an extra night at the hotel to Monday morning.

Dress code is "Senotium casual" and according to weather forecast. For Saturday dinner you may put on a summer jacket/dress. No tie!
